

K500 System

Odak Inc. Better than Bottled... For Pennies a Gallon

ODAK K-500 Solid Carbon Block Water Filtration System:

- **Cost effective:** Eliminate cost and storage of bottled water in the home for only 8 cents a gallon!
- **Convenient:** Virtually maintenance free. Annual filter change vs. monthly and eliminate bulky, ineffective carafes and/or bottled water.
- **Green:** Environmentally friendly - No need for production or delivery of plastic bottles means a decrease in your carbon footprint.
- **Healthy:** Improve health and well being. Supply not only endless drinking but cooking water for you and your family.
- **Safety:** Remove potentially deadly contaminants such as lead, asbestos, bacteria and trihalomethanes.
- **Guaranteed:** We provide NSF Certifications and the best warranty on the market!
