Why buy

K500 Drinking Water Systems

from ODAK?

HEALTHY

- Sub-Micron filtration removes Chlorine, Chlorine byproducts, Asbestos, Lead, & more.
- Doesn't remove beneficial minerals like Calcium, Magnesium, or Potassium.
- No reservoir to promote bacterial growth.
- Great tasting. No Chlorine odor or taste.

ECONOMICAL

- Costs less than 8 cents per gallon.
- Save up to **90%** vs. bottled water!

CONVENIENT

- No deliveries. No storage or heavy lifting.
- Never run out of water.
- User replaceable NSF certified filter.
- No monthly bill!

GREEN

- No plastic bottles or waste.
- No electricity required.

GUARANTEED

- ODAK has been providing water filtration solutions to commercial, industrial, and residential customers since 1979.
- 25-Year Warranty.
- 30-Day Money Back Guarantee.
